

The Next Mission

Building the Veterans Services Center—together.

The American Legion Foundation, in partnership with American Legion Auxiliary Chris Kyle Unit 388, invites all veterans to help shape the future in establishing the new Ellis County Veterans Services Center.

We're establishing a Veterans Services Center designed by veterans, for veterans—and we need your input. Join the conversation and help shape the programs, services, and resources that matter most, from mental health and employment support to education, recreation, and opportunities to connect with fellow veterans.

Share your ideas, help build the vision, and be part of creating a lasting resource for veterans across Ellis County. *Your voice matters.*

For additional information, contact the American Legion Auxiliary Chris Kyle Unit 388, Jane McCasland, President (682) 232-4595 or ala@chriskylepost388.org
